

A MESSAGE FROM THE HEADTEACHERS...

The School had had such an exciting finale to Maths Week. We are sure that many of you, like us, will look back at our school maths lessons and remember them as being dull and seemingly to have no relevance to any part of our lives! Fortunately, these days, most children have a different perspective. An event such as Maths Week simply reinforces the fact that maths can be lots of fun, and takes on more significance when the children can see how it relates to the world around them.

Our core value for this month remains 'faith'. We invite you to talk to your child about the following Bible passage linked to this value. *'Since we have been justified through faith, we have peace with God, through our Lord Jesus Christ, through whom we have gained access by faith into this grace in which we now stand. And we boast in the hope of the glory of God'*. Romans 5 verses 1-2 .

Have a wonderful weekend. Here's hoping for sporting success on Sunday and fine weather for our sporting successes on Monday!

Elm—whole class for all working extremely hard to learn songs, lines and choreography for the summer production

We have, this week, been delighted to welcome to School Noah S and his family.

Chestnut Class have been pleased to have him join their class.

GIRLS' TENNIS DOUBLES

Last weekend, Bea G, Charlotte E and Maya H-B competed in the Girls' Sevenoaks Schools' tennis doubles tournament.

The girls all played really well, showing great determination and enthusiasm against tough opposition. Even though they narrowly missed out on reaching the semi finals with some very close matches, great fun was had by all - well done girls!

YEAR 1—6 SPORTS DAY

Having been disappointed last week with 'rain stopping play' for our Sports Day, we again have everything crossed for good weather on Monday when our Year 1 to 6 children will be taking part in their Sports Day. We aware that the weather forecast is not promising. We will Parentmail on Sunday if plans change.

Please find, on the following page of this Newsletter, a copy of the Parentmail letter sent on the 24th June providing details of this event. Please could we ask that you all re-read and reacquaint yourselves with the requirements set out in our letter. **Please remember to send the children in with a sun hat, wearing sun cream and in PE kit. If you are attending, please remember to wear a mask.**

PHOTOGRAPHY

We would remind all parents and carers of the requirement set out in the Use of Images Form completed on their child's start at the School that, should you take photographs or video recordings of your child which include other pupils, these must be for personal and family use only and must not be published or shared in any way including any form of social media. Where consent has not been obtained from the other parents for any other use, parents/carers would be in breach of the Data Protection Act 2018 if they used the photographs or recordings for any wider purpose.

In the latter part of the week, we look forward to sharing with you the password protected link so that you can browse and potentially purchase any of the professional pictures taken on the day.

BADGE RETURN REQUEST

Please could all School badges be returned to School by Friday of next week, 16th July. Please return them to Class Teachers in a named envelope.

Year 6 House, Sports, Head Prefect and Worship Council Chair and Vice Chair are invited to keep their badges.

YEAR 6 INTER-HOUSE KWICK CRICKET

Today Year 6 enjoyed a really exciting morning taking part in their inter-house cricket tournament. We certainly have some incredibly talented players in every house and great enthusiasm was shown by all of the children. The Sports Captains took on their responsibilities and ensured that their teams were well organised. Jack and Pedri showed accuracy and brilliant agility when chasing the ball down. Austin and Don were amazing both during the game and instructing from the side lines. We saw some fantastic catches from Jack and Theo. Well done for a quick stump out from Esme.

Miss Harris was particularly impressed by the precision of the bowling from all of the children, whether they chose to bowl underarm or overarm. Overall, the winners were Everest who managed to win all of their matches. Well done to all of the houses.

Dear Parents and Carers

Sports Day is such a big part of Term 6, and the children enormously enjoy taking part and representing their houses. Our priority is the safety of our entire community but also to ensure that the children and parents/carers get the opportunity to enjoy this event. On this basis, we have structured the day somewhat differently to our normal format and a number of requirements/restrictions will apply.

Year 1 to 6 will be taking part in Sports Day in a staggered format on the 6th July with Year R taking part in their own Sports Day on another date (to be confirmed).

The timetable is as follows:

9.15am – 10.45am Year 6

11.00am – 12.20am Year 5

1.20pm – 2.10pm Years 1 and 2

2.20pm – 3.30pm Years 3 and 4

Parents for Years 5 and 6 events will be seated in house seating areas. Those attending for the Years 1 – 4 events will be seated in class seating areas.

Entrance to any of these events is reliant on the following:

- **Only 1 parent/carer can attend for each event**
- No siblings can attend with parents/carers
- Entrance to the School will be via the main gate only. A one way system will be in place at exit time – you will be directed to this route on the day
- On entry parents/carers will be required to use the Track and Trace system
- There will be no toilet facilities for parents/carers
- All parents/carers are required to wear a mask (please could those who are exempt wear the relevant lanyard to indicate their exemption)
- On entry all Parents/carers must go directly to the relevant seating area and remain in their allotted seating zone for the duration of the event
- Parents/carers are responsible for ensuring that they maintain socially distancing at all times
- Entrance to the site will be 5 minutes prior to commencement
- Parents/carers must exit the School site immediately after the event they have been watching has finished (even if you are returning for the following event)

In the interests of protecting all of our community, we reserve the right to ask anyone not adhering strictly to these rules to leave the site immediately.

We have booked professional photographers DE Photography to attend on the 6th July, and photograph the events. On this basis, it will be possible to view photos of the Year 1 – 6 events (via a password protected link) and to purchase professional photographs in the week following Sports Day. You will not be able to view or purchase the pictures on the day. We will aim to share photos of the Year R Sports Day via the Google Classroom class pages.

School lunches on that day will be a picnic 'grab bag' allowing the children to enjoy lunch outside alongside their friends who enjoy a packed lunch. Our School kitchen will be providing the picnic lunch for those children who normally have school lunches.

Kind regards

MATHS WEEK

Maths Week has been a resounding success. The children have clearly been inspired, challenged and enjoyed every second.

On Friday of last week, the Lady Boswell's students were extremely lucky to have a visit from Wiseup Problem Solving. Two awful crimes had taken place which the children helped to solve. Kevin the Llama and the Perfect Pie had both been stolen ahead of the local fair! Our students worked in groups, to complete puzzles in order to find clues and save the day! They had to work systematically and use logical thinking in order to catch the criminal. I can confirm that both Kevin and the Pie were recovered successfully! A huge 'thank you' to our parent volunteers who enabled this enjoyable workshop to take place.

On Wednesday, to finish off Maths Week, we were delighted to welcome the famous Mathemagician, Andrew Jeffrey! The children watched and were part of a Magic Maths show. Andrew demonstrated how Maths is all about patterns and shocked everyone with some wonderful concepts. The real message of the show was 'the smartest people say when they don't understand and don't give up' and this point really shone through. We hope the children will carry this with them in the future.

Aside from these stimulating workshops, every year group, across the week, was involved in fun and fascinating maths-related challenges.

We would like to thank the PTA (and you all for supporting their initiatives) for funding the visiting workshops from 'Wise Up' and Andrew Jeffrey. We would also like to thank the parent volunteers who gave up their time to help us with the first workshop, and Mrs Wicks and Miss Cheeseman for all of the organisation and planning of this fabulous celebration of all things mathematical.

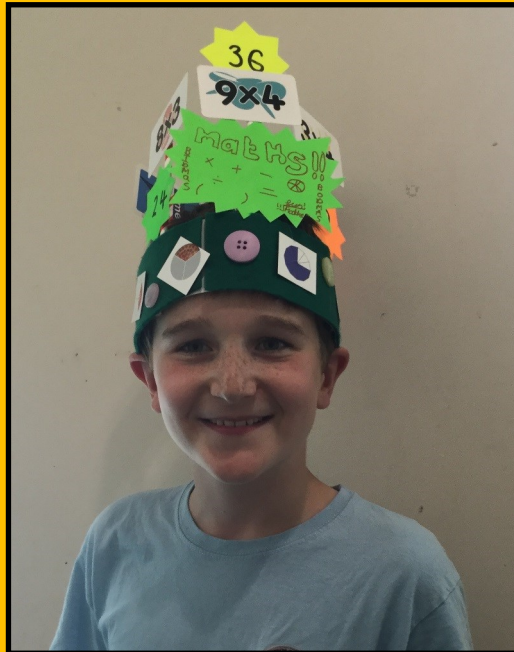

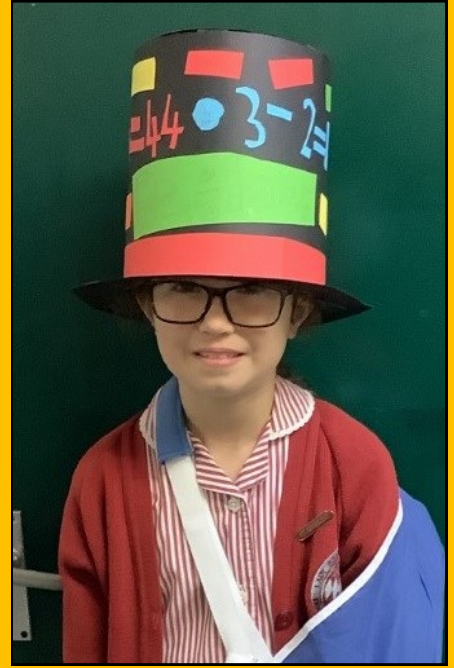

Centre right: The 'Mathemagician' has the children spellbound!

All other photos: All year groups took part in the Wiseup challenges. To successfully complete the activities the teams required cohesion, good communication, resilience, patience, logical thinking and some methodology. Sometimes working systematically was required, sometimes trial and error and sometimes risk-taking was needed. These are all skills we encourage the children to use in maths so we were able to reinforce these ideas throughout the day.

MATHS HATS!

Thank you and well done to every child who created a 'Maths Hat'. We wish that we could share with you a picture of every amazing creation. Here are a just a few for you to enjoy!

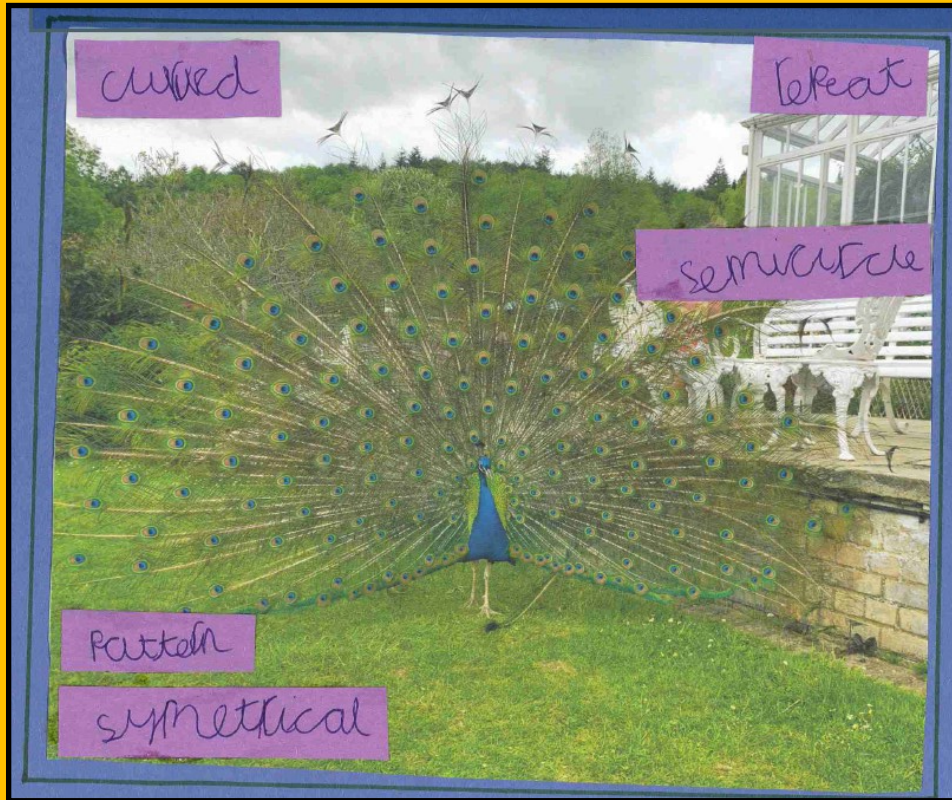

Well done to Annabel S, Year 2, who, despite isolating at home, made and wore her 'maths hat'

MATHS WEEK COMPETITION

Our thanks and congratulations to every child who entered the 'Maths is all around us' competition. Miss Cheeseman and Mrs Wicks were bowled over by the amazing entries. The entries below were our winners; well done to Sophie O'G, Year 1, Isla S, Year 4 and Annabel S, Year 6.

The maths in horses' vision

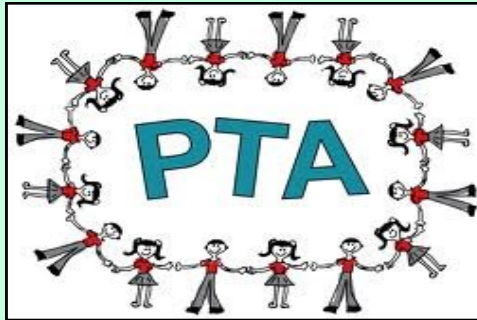

The way that horses' and other equine species' eyes are positioned - (symmetrically) on either side of their head - means that they can see almost 360° around them. Except for 3° blind spots directly in front and behind them. This is why you must always approach a horse in a diagonal line, so they can see you and do not spook. The orb of their eyes are of any land meaning they are 50 percent larger than the human eye. This is particularly useful around predators. For example, if the horse in this photograph (Harry) spotted a predator, he could locate it quickly using his wide field of vision and use (most likely) the flight response which is most common in horses.

MISS FRANCIS' END-OF-YEAR ART COMPETITION

Children from across the School are invited to take part in Miss Francis' end-of-year art competition. The challenge is to create an A4 sized landscape picture in whichever medium they prefer. The School Art Ambassadors will select their favourites to present to Mrs Saunders and Mrs Davis, and the winning picture will take pride of place in their office for them to enjoy for years to come.

Entries should be handed to the children's Class Teacher by Monday, 19th July, with the winners being announced on the following day.

A MESSAGE FROM YOUR PTA

Join the PTA Committee!

We would, again, like to thank everyone who has been in touch and offered to get involved and devote some time to support the PTA. We are, however, still looking for more volunteers.

If you think you could offer your time and efforts to support the school, or you would just like to find out a little more, please do get in touch with Anna Catherall at ladyboswellspta@googlemail.com

The final PTA Committee meeting for this academic year is being held next Monday, 12th July, at 8pm (via Zoom). It is a great opportunity for anyone interested in joining the committee (in any capacity) to find out more and meet the current team. Please get in touch using the same PTA email address to be invited.

Veni Didici Vici.

We came. We Learnt. We Conquered.

29 June 2021

Dear Schools

Join Invicta's Summer Academy to Reconnect!

Invicta National Academy, supported by Kent County Council, is delighted to announce the return of their successful summer programme to which all of your pupils are invited.

Invicta Summer Academy will offer free daily, live, interactive, online teaching, delivered by fully qualified teachers which will help Kent children reconnect this summer. Students do not have to sign up to all the lessons - they have the flexibility to choose which areas of maths and/or English they want to practise and which lessons to attend. Each weekday morning from Monday 26 July until Friday 27 August there will be 5 maths lessons at 10am and 5 English lessons at 11am. Lessons are divided into key stage 1, lower key stage 2, upper key stage 2, key stage 3 and key stage 4.

Lessons are fun and effective, delivered via Zoom webinars using any device. Our two-professional online teaching model is engaging and safe. All Kent school students up to the age of 16 years are invited.

Alongside our fun teaching in core subjects, we are also inviting students to get moving with our free fitness blast each day at 9.30am. Our 'Wellbeing Wednesday' programme at 12 noon is aimed at helping students fill up their 'emotional tank'. These sessions will include outdoor activities, the environment and connecting with nature, culminating in the Invicta Summer Competition - 'Inspire us to be good to the environment' with £750 worth of cash prizes.

Invicta's Summer Academy aims to help students return to the classroom in September feeling calm, confident and refreshed.

To book lessons go to:
